MOB Cradles, Nets & Ladders

SKU - 40021048

Tactical Net

The Fibrelight Tactical Net offers a lightweight and silent boarding option, allowing 2-4 soldiers to scale vessels or rigs simultaneously.

KEY FEATURES

- **Lightweight construction:** Easy to carry and maneuver in any tactical situation.
- **Noiseless design:** Operates in complete silence, perfect for stealthy movement and discreet operations.
- **Non-metallic structure:** Entirely free of metal parts, ensuring non-conductivity and eliminating radar signals, ideal for tactical missions.
- **Non-conducting carbon fiber rods:** Safe to use near electrical hazards or sensitive equipment.
- **Climbable from both sides:** Enhances convenience and safety by allowing loading in either direction.
- **Modular design:** Multiple units can be joined together, offering flexibility and versatility for various scenarios.
- **1.15m width:** Wide enough to allow multiple operators to climb simultaneously, improving efficiency.
- **Length options (5m - 20m):** Customisable to suit different climbing heights or operational needs.
- **Weight of 0.17 kg per metre:** Incredibly lightweight, ensuring ease of deployment and transport.
- **Safe Working Load of 600 kg:** Built to support multiple operators and heavy equipment without compromising safety.
- **3-year manufacturer's warranty:** Guarantees long-term durability and reliable performance for demanding operations.
