IMO Safety Signs

SKU - 40021052

Survival Craft Distress Signal Sign

DESCRIPTION

Eco-friendly photoluminescent safety signs survival craft distress signals – fully compliant with IMO and ISO regulations. Crafted using sustainable PETX material, offering easy installation with self-stick PE closed-cell foam backing. Complete with reference codes and article numbers for clear identification. Rescue signs are critical components of a safety sign system, playing a pivotal role in ensuring swift and safe evacuation during emergencies in maritime environments, offshore installations, or buildings. Serving as crucial markers, rescue signs guide individuals to safety by providing clear direction and vital information.
