

12V MARINE GRADE DAVIT WINCH

SKU— 40020332

STAINLESS STEEL ELECTRIC DAVIT WINCH

DESCRIPTION

The stainless steel davit winch is a high quality winch that is engineered to provide years of rust-free use in corrosive environments. The frame, drum, clutch, fasteners, wire rope and hook are #304 stainless steel. The gear assembly is marine grade aluminium, and the motor is steel with multiple protective coatings. A hand held remote is included (optional wireless remote available). The winch can be mounted either horizontally or vertical.
