Lifebuoy Drogue and Pocket

Attach a lifebuoy drogue to your lifebuoy to reduce downwind drift and improve MOB recovery. It deploys instantly in water, keeping your safety equipment stable in strong currents and wind. Supplied with a protective storage pouch for easy stowage and UV protection.

KEY FEATURES

- **Lifebuoy Sea Anchor:** Reduces drift and enhances stability during man overboard (MOB) situations.
- **Drift Control:** Slows down movement in strong currents and high winds for safer and more efficient recovery.
- **Positioning for Man Overboard:** Keeps the lifebuoy in place, improving the effectiveness of rescue operations.
- **UV-Resistant Storage Pouch:** Protects the drogue from sun damage and provides easy access when needed.
- **UV Stabilised:** Resistant to UV rays, ensuring extended life in outdoor environments.
- **High Visibility Material:** Fluorescent colour improves visibility in emergency and low-light conditions.
- **Storage Options:** Supplied with a white storage case, ideal for yachts and easy transport.
- **Quick Attachment:** Easily secures to lifebuoys for immediate deployment in emergencies
- **Durable Material:** Crafted from 300D polyester with PU coating for long-lasting performance in marine environments.

Lifebuoy Drogue and Pocket

SPECIFICATION

Lifebuoy Drogue with Storage Pouch - 00530

- **Material:** 300D polyester with PU coating, UV stabiliser
- **Dimensions:** 50 x 50 cm drogue, 9 x 18 cm storage pouch
- **Rope:** Polyester, knitted, 2.5mm diameter
- **Weight:** 80g
- **Colour:** Fluorescent, high visibility
- **Features:** Reduces drift, improves stability, UV-resistant, quick attachment for lifebuoys
- **Use:** Enhances man overboard (MOB) recovery, ideal for high winds and strong currents
- **Storage:** Includes UV-resistant storage pouch for easy access and protection.
- **Available Options:** Standard (00530), Orange (00530-OR)

TECHNICAL INFORMATION

- Code: 00530 / 00530-OR
- Weight: 80g
- Dimensions of Ankara (Lifebuoy Drogue): 50 x 50 cm
- Case Dimensions: 9 x 18 cm
- Rope Material: Polyester, knitted, 2.5mm diameter
- Fabric Material: 300D polyester with PU coating, UV stabiliser, fluorescent colour
