

Liferaft and General Marine

SKU - 40021209

Cylindrical Marker Buoy

DESCRIPTION

Inflatable mark buoys and cylinder buoys have been used at major sailing and sporting events worldwide, including the 2012 Olympic Games and 2014 Commonwealth Games. They allow organisers to clearly mark courses and boundaries on the water, making race setup faster and safer for competitors and officials.

KEY FEATURES

- **Tall, Standout Design:** aids visibility on long race courses
- **Durable Double-Skin Construction:** inner inflation chamber ensures long-lasting use
- **Integrated Mooring Harness:** allows quick and secure anchoring
- **High-Visibility Bright Orange Colour:** makes buoys easy to spot for competitors and officials

Cylindrical Marker Buoy

SPECIFICATION

- **Tall, Standout Design:** aids visibility on long race courses
- **Durable Double-Skin Construction:** inner inflation chamber ensures long-lasting use
- **Integrated Mooring Harness:** allows quick and secure anchoring
- **High-Visibility Bright Orange Colour:** makes buoys easy to spot for competitors and officials
- **Code 3810-4' – Cylindrical Buoy:** Size 1.22 m, Dimensions H1.22 m × D0.61 m (H4' × D2')
- **Code 3810-5' – Cylindrical Buoy:** Size 1.52 m, Dimensions H1.52 m × D0.76 m (H5' × D2'6")
- **Code 3810-6' – Cylindrical Buoy:** Size 1.83 m, Dimensions H1.83 m × D0.76 m (H6' × D2'6")

TECHNICAL INFORMATION

- Code 3810-4 – Cylindrical Buoy: Size 1.22 m, Dimensions H1.22 m × D0.61 m (H4' × D2')
- Code 3810-5 – Cylindrical Buoy: Size 1.52 m, Dimensions H1.52 m × D0.76 m (H5' × D2'6")
- Code 3810-6 – Cylindrical Buoy: Size 1.83 m, Dimensions H1.83 m × D0.76 m (H6' × D2'6")
