

# Flotation & Immersion Suits

SKU - 40020550

## SOLAS Mullion 'MAS III' Immersion Suit

The Mas III Mullion Neoprene Drysuit offers ultimate protection and comfort in extreme water conditions. Its high-quality neoprene material is durable and flexible, featuring waterproof and breathable properties, a front zipper, reinforced seams, adjustable neoprene seals, built-in socks, buoyancy, reflective panels, and a whistle. It meets ISO 15027-1 standards for cold water immersion.

### KEY FEATURES

- **6 Hour Cold Water Protection:** Provides at least 6 hours protection against cold water shock and hypothermia upon immersion
- **Neoprene Construction:** High-quality neoprene for thermal insulation, flexibility, and durability
- **Waterproof Breathable Membrane:** Keeps wearer dry while allowing moisture vapour to escape
- **Reinforced Knee and Elbow Protection:** Added reinforcement for impact protection and durability
- **Buoyancy and Reflective Visibility:** Built-in buoyancy and reflective tape for visibility in low-light and emergencies
- **Adjustable Fit System:** Adjustable cuffs and integrated hood for a secure, sealed fit
- **Thermal Insulation Performance:** Neoprene maintains body warmth in cold water, reducing hypothermia risk
- **Moisture Management System:** Prevents water ingress while reducing overheating from trapped moisture
- **Durability Reinforcement:** Extends suit life in harsh marine environments through reinforced wear zones
- **High Visibility Safety Features:** Improves rescue visibility in emergency and low-light conditions
- **Secure Seal Comfort Fit:** Reduces water ingress while maintaining comfort and protection
- **SOLAS and Red Ensign Compliance:** Fully compliant with UK Red Ensign requirements and SOLAS certification for internationally recognised maritime safety approval.

## SOLAS Mullion 'MAS III' Immersion Suit

### SPECIFICATION

- Made of high-quality neoprene for insulation, flexibility, and durability
- Waterproof and breathable membrane to keep wearer dry and comfortable
- Reinforced knee and elbow pads for added protection and durability
- Built-in buoyancy and reflective tape for visibility and safety in low-light conditions
- Adjustable cuffs and integrated hood for a secure and comfortable fit
- Neoprene material minimises the risk of hypothermia
- Breathable membrane reduces the risk of overheating
- Reinforced pads withstand the harsh marine environment
- Buoyancy and reflective tape increase chances of rescue
- Adjustable cuffs and hood minimize water ingress and protect against elements.
- Offers at least 6 hours of thermal protection
- SOLAS and Red Ensign Approvals.

### TECHNICAL INFORMATION

- Available Sizes: S-XL
- Certification: SOLAS & Red Ensign
- Colour: R19 Red
- Material: 5mm Neoprene
