

# Ruth Lee Training Manikins

SKU - 40020478

## CPR Training Manikin

Full body (detachable) CPR Training Manikin designed for Confined Spaces, Road Traffic Collisions (RTC), entrapment under a heavy object, and any scenario where CPR could be required under challenging circumstances.

### KEY FEATURES

- Full bodied manikin promotes more realistic and effective training.
- The Full Body CPR manikin comes complete with a Simulaids Brad torso.
- Soft body joints eliminate the risk of pinch welts and bruising; common injuries when using plastic bodied manikins.
- Supplied in a tough carrying holdall for easy handling and storage.
- Comes complete with boots and overalls, which are easily replaced if damaged
- Tough drag protectors and overalls to greatly extend the life of your manikin (optional extra)
- Manikins can be supplied with or without the CPR torso itself, allowing users to use their own if they already have them.
- If opting for a torso to be included, it will be the Simulaids Brad Torso
- Supplied in 2 weights (with torso fitted): 20 & 50Kg.
- Supplied complete with carrying/storage holdall and protective overall.
