

Firefighters Suits & PPE

SKU - 60010010

Fire Fighter Jacket

Professional fire-fighters jacket that complies to SOLAS/MED regulations. Two-layer fire resistant garment that is breathable, with an excellent wicking performance, and water-repellent outer-shell. Narrow sleeves and stand-up collar with touch & close fastening for neck protection. Front zip closure under flap, with flame-resistant reflective tape on chest / back / arms area — increasing visibility (day and night).

KEY FEATURES

- Fire resistant garment with two-layer aramid thermal insulation barrier. Breathable. Excellent wicking performance. Outer shell treated with water repellent finish.
- Sleeve narrowing by touch & close fastening
- Stand-up collar with touch and close fastening to protect the neck
- Front zip closure under flap
- Flame resistant triple trim reflective tape on chest, back and arms for optimum visibility day and night
