EVAL Foam Lifejacket Basic M.E.D.

DESCRIPTION

The EVAL Foam Adult Lifejacket Basic is a 150N passenger lifejacket built for merchant vessels, featuring SOLAS-approved reflective tapes, an integrated whistle, two positions for a lifejacket light, and a belt with plastic hook for securing wearers together. Compact and durable, it has a 10-year storage lifespan and meets M.E.D. 2014/90/EU, SOLAS L.S.A. Code, UK MER, and IMO MSC.81(70) standards.

KEY FEATURES

- **SOLAS-Approved Reflective Tapes:** makes the wearer easier to see in low-light and emergency situations
- **Integrated Whistle:** allows the wearer to signal for help quickly and effectively
- **Dual Lifejacket Light Positions (Front & Side):** allows the lifejacket light to be positioned for optimal use
- **Belt with Plastic Hook:** enables wearers to be safely secured together
- **150 Newton Foam Construction:** delivers reliable buoyancy for all passengers
- **M.E.D. 2014/90/EU, SOLAS L.S.A. Code, UK MER, IMO MSC.81(70) Compliance:** ensures full adherence to international maritime safety standards
- **Compact and Space-Efficient Design:** ideal for vessels with limited storage capacity
- **10-Year Storage Lifespan:** remains ready for use without maintenance for a decade
