

# Flotation, Immersion Suits

SKU - 40020511

## Heavy Duty Patrolman's WOSS

Premium-grade drysuit designed for professional use in marine commercial operations. Built upon the sturdy foundation of the original Patrolman's drysuit, this updated version features heavy-duty textured fabric trousers with a reinforced crotch panel, providing superior protection against wear and tear in rugged environments. Crafted with the needs of working professionals in mind, our drysuit also boasts upper body breathability for maximum comfort during long hours on patrol boats, in fisheries, or other commercial marine settings. And for those looking for a more professional image — options to add your own logo on the upper arms.
