

Flotation, Immersion Suits

SKU - 40020514

Water Rescue Suit

Professional-grade drysuit, specially designed for swift water rescue experts. This lightweight yet robust suit is a must-have for anyone in the field. The impermeable nylon trousers feature reinforced leg seams and protection for your crotch, knees, and seat. Ankle gaiters ensure a snug fit and added security. The breathable upper body comes with cuff covers and a neoprene neck overlay to safeguard the latex seals. This water rescue suit provide a high level of protection in challenging conditions.
