

Davits, Winches & Lifting

SKU - ZCDD500

Telescopic Deck Davit 500lbs c/w Winch

Telescopic Deck Davit 500lbs from IC Brindle & Co Ltd- a reliable and durable telescopic deck davit. This versatile and robust davit is designed to provide safe and efficient lifting for loads of up to 500lbs, making it ideal for a range of applications. Constructed from high-quality materials, including durable and corrosion-resistant stainless steel, the davit is built to withstand even the harshest marine environments.

With its compact and lightweight design, the Telescopic Deck Davit is easy to transport and install, making it a versatile and essential addition to any lifting toolkit. The davit's telescopic design allows for easy adjustment to the required length, while the spring-loaded locking pins ensure a secure and safe lift.

KEY FEATURES

- The Telescopic Deck Davit is a versatile and durable lifting device designed for loads of up to 500lbs.
- Its high-quality construction, including corrosion-resistant stainless steel, makes it ideal for use in harsh marine environments.
- The compact and lightweight design of the Telescopic Deck Davit allows for easy transportation and installation.
- The davit's telescopic design and spring-loaded locking pins provide secure and safe lifting for a variety of applications.

The Telescopic Deck Davit is suitable for lifting equipment, tools, and even small boats, making it a versatile addition to your lifting toolkit
