

Davits, Winches & Lifting

SKU - PCDD500

Powder-Coated Deck Davit & Winch – 500lbs

The Powder-Coated Deck Davit Crane with Hand Winch has an impressive 500 lb (227 kg) lifting capacity and comes equipped with a heavy-duty hand winch that can handle loads up to 1000 lb (453 kg) and has a 20-foot (6.1 meter) galvanized cable. This lifting crane / deck davit is lightweight, with a weight of only 103 lbs (47 kg) and a 47-inch (119 cm) boom that can handle a variety of lifting needs. In addition, the crane comes with the RBW1500, which features galvanized cable and a hook for added convenience and durability.

KEY FEATURES

- **Heavy-duty construction:** The crane is made of high-quality, powder-coated steel that is designed to withstand the harsh marine environment and provide long-lasting performance.
- **Impressive lifting capacity:** With a lifting capacity of 500 lb (227 kg), this crane is ideal for a wide range of lifting and hoisting tasks, including equipment, supplies, and small boats.
- **Powerful hand winch:** The crane comes equipped with a 1000 lb (453 kg) capacity hand winch that has a 20-foot (6.1 meter) galvanized cable, providing reliable and precise lifting and lowering.
- **Lightweight design:** Despite its impressive lifting capacity, the crane weighs only 103 lbs (47 kg), making it easy to handle and install.
- **Versatile boom length:** The 47-inch (119 cm) boom is ideal for a variety of lifting needs, and can easily be adjusted to suit different situations.
- **Easy to install:** The crane can be mounted on any flat surface on your boat, providing maximum flexibility and convenience.
