Galvanised Steel Wire Rope, Winch Hook

7x19 flexible strand galvanized steel wire rope - the perfect solution for your winching needs. Made with high-quality galvanized steel, this wire rope is built to last and can withstand even the toughest conditions. The 7x19 strand configuration ensures flexibility while maintaining strength, allowing for smooth and efficient winching. The wire rope comes equipped with a professionally fitted winch hook, making it an ideal replacement for a broken or snapped winch cable. Plus, with different lengths and diameters available (including 4mm and 6mm), you can find the perfect fit for your specific application. Whether you're using it for trailers, winching boats, or any other heavy-duty application, this galvanized steel wire rope is designed to get the job done safely and efficiently.
