Sea Floating Anchor

The Eval Sea Floating Anchors are engineered with durable PVC fabric and reinforced with sturdy nylon belts, making them ideal for enduring challenging sea environments. These anchors are purpose-built for boats up to 15 meters in length, and can efficiently maintain the vessel's orientation towards the wind direction, even during turbulent sea conditions. The fishing industry widely adopts them as a reliable means of keeping boats stable without the use of traditional anchoring methods.

KEY FEATURES

- **Durable Materials:** The Eval Sea Floating Anchor is made of high-quality PVC fabric and strong nylon belts, making it tough enough to withstand harsh sea conditions for long-lasting use.
- **Suitable for Boats up to 10 Meters:** The anchor is specifically designed for boats up to 15 meters long, providing a versatile and practical solution for a wide range of vessels.
- **Efficient in Turbulent Seas:** The Eval Sea Floating Anchor can effectively keep a boat's bow pointed towards the wind direction even during turbulent sea conditions, providing increased stability and safety.
- **Easy to Use:** The anchor is user-friendly and easy to set up, making it an ideal choice for novice and experienced boaters alike.
- **Versatile Applications:** The anchor can be used for a variety of applications, including fishing, leisure boating, and more.
- **Space-saving Design:** The Eval Sea Floating Anchor is compact and space-saving, making it easy to store on board without taking up too much space.

Sea Floating Anchor

SPECIFICATION

- Made of high-quality PVC fabric and strong nylon belts for increased durability
- Suitable for boats up to 15 meters in length
- Effectively keeps a boat's bow pointed towards the wind direction during rough conditions
- Easy to set up and user-friendly
- Versatile application for fishing, leisure boating, and more
- Compact and space-saving design for easy storage on board
- Material: PVC Fabric, and Nylon
- Designed for Boats up to 15 Metres
- Weight: 2.5 kg (approx.)
- Nylon Belt Length: 5 metres
- Size Dimensions: Width: 152cm x Height: 137cm
- Size Configurations:

TECHNICAL INFORMATION

- Material: PVC Fabric, and Nylon
- Weight: 2.5 kg (approx.)
- Nylon Belt Length: 5 Metres
- Designed for Boats up to 15 Metres
- Size Dimensions: Width: 152cm x Height: 137cm
- Size Configurations:

Height (cm)	Width (cm)	Boat Length (m)
88	77	7
115	110	7,5
137	152	10
144	185	13,5
