Seacrewsader 275N 3D Wipe Clean lifejacket

For those in need of a dependable and comfortable lifejacket, our Seacrewsader 275N 3D presents an easy-to-clean solution. Tailored to protect workers on offshore platforms and vessels under SOLAS regulations, it stands as the right choice, offering both reliability and comfort.

Key Features & Equipment Benefits:

- **Durable Wipe-Clean Cover:** ensures longevity and easy maintenance.
- **EXOLOK to Prevent the Gas Cylinder from Becoming Loose:** secures the gas cylinder, ensuring safe and reliable performance.
- **Foam-Padded Cover for Added Impact Protection:** provides an additional layer of protection in challenging environments.
- **Modular Cover System Allowing You to Change the Cover to Suit Your Needs:** customisable options for adaptability and personalisation.
- **Fusion 3D Designed Lifejacket Sits Off Your Neck, Ensuring You Are Unhindered to Work:** unrestricted neck movement for optimal comfort and flexibility during work.
- **Unique Bladder Distribution for Enhanced In-Water Performance:** improves buoyancy and facilitates efficient rotation for increased safety.
- **Fitted with an Array of Features, Including a Buddy Line and Beacon Status Indicator:** well-equipped with essential safety features for comprehensive protection.
- **2 x Inspection Zips for Inflation Mechanism and Beacon Status:** convenient access for inspection, ensuring readiness and maintenance.
- **Approved by SOLAS:** A versatile lifejacket crafted for continuous wear and designed for use in both everyday situations and emergencies
