I.C.Brindle & Co Ltd - Technical Data

For the storage of first aid equipment. This chest is widely used in the Offshore energy and marine sectors.

These chests are manufactured using Lloyds approved composites including UV resistant gelcoats to provide

long lasting protection for equipment stored inside in even the harshest environments. This is backed up with an excellent IP rating of 56. It has both Lloyds and ABS approvals. The design ensures a high level of rigidity for the relatively low weight with a very effective EPDM seal around the lid aperture. The hinges and catches are secured with 316 stainless steel nuts, bolts and washers.

SPECIFICATION

Dimensions (mm) Height x width x depth: 900 x 2395 x 890 Aperture: 2294Wx 680H Internal depth: 827 Weight Kg: 61 Kg

Material specification:

Colour: Green RAL6029 Material: Lloyds approved composites with UV stabilised gelcoat Hinges: Stainless Steel Lid Catch: Protex clips Seal: EPDM

Optional Extras:

Other RAL colours Class 1 fire retardant composites Heating and insulation
