Lifjacket & Immersion Suit Chest (SOS516)

DESCRIPTION

The UV-stabilised polyethylene Lifjacket & Immersion suit (SOS516) chests provide reliable storage solutions for foam-filled lifejackets or immersion suits commonly used in commercial shipping and sea trial operations. With a durable 4-5mm single skin construction, they offer enhanced durability compared to thin double-skinned alternatives.

KEY FEATURES

- **UV Stabilised Polyethylene Construction in a 4-5mm Single Skin:** Enhanced durability compared to thin double-skinned alternatives, ensuring long-lasting protection for lifejackets or immersion suits in commercial shipping and sea trial scenarios.
- **Unique Lid Design with Marine Bungee Cord Closure:** Achieves an excellent IP rating of X5, ensuring contents remain dry even in harsh maritime environments, ideal for temporary storage during lifejacket hire and ships undergoing sea trials.
- **316 Stainless Steel Hinges:** Provides 100% reliability and resistance to corrosion, ensuring secure closure and longevity of the chest, safeguarding valuable equipment onboard vessels.
- **Reinforced Cabinet Base for Deck Mounting:** Ensures secure installation on the vessel's deck, preventing movement during rough seas and facilitating easy access to life-saving equipment when needed.
- **Stackable Design, Up to 2 Chests High:** Minimises freight and storage costs by maximising space efficiency, offering flexible storage solutions for varying quantities of lifejackets or immersion suits.
- **Short Lead Time with On-Hand Stock Availability:** Enables prompt delivery within a few days from receipt of order, ensuring readiness for immediate use or deployment, reducing downtime and ensuring compliance with safety regulations.

Lifejacket & Immersion Suit Chest (SOS516)

SPECIFICATION

Standard Specification:

- Dimensions (mm) Height x width x depth:
- 860 x 1430 x 930 mm (33.9 x 56 x 36.6")
- Aperture: 1338 x 838 mm (52.7 x 33")
- Weight : 36Kg (79.2Lb)

Material Specification:

- Colour: Orange
- Material: Body
- UV stabilised Polyethylene
- Hinge: 316 Stainless steel
- Lid closure: Marine bungy cord

Optional Extras:

- DiBond sign
- Padlock/ security seal
